2019 SGA Election Referenda**Referenda 1****Title** Alcohol Policy Referendum**Sponsor** Owen Flomberg**Text** In July 2018, the Alcohol Task Force, established by the Univeristy of Tennessee, published eight recommendations for changes to the alcohol policy at UTK. The first recommendation of their report is as stated: "The University of Tennessee, Knoxville shall adopt a policy in which the distribution, possession, and consumption of alcohol by individuals aged 21 or over is allowed at pre-approved, registered on-campus events, within the parameters of all state, federal, and local laws." Do you believe that the University of Tennessee should adopt this policy?**Referenda 2****Title** Referendum to Amend the Student Code of Conduct**Sponsor** Maria Urias**Text** This is the first paragraph of the Preamble to the Student Code of Conduct: "Students at the University of Tennessee are members of both the University community and the larger community of which the University is a part. Accordingly, students are responsible for conducting themselves in a lawful manner as well as in compliance with University rules and policies. In addition, the University has developed a set of aspirational goals titled, Principles of Civility and Community, which encourages all members of the University community to foster a learning environment where diversity is valued, respected, and celebrated." Should the end of this paragraph be amended to add, "Moreover, this Univeristy seeks to create an environment that is welcome to all and hostile to none. This includes people of any race, color, sex, gender identity, sexual orientation, religion, creed, national origin, age, ancestry, disability, veteran status, military service, or any other legally protected category."?
